
Nursery schools and children's corners

Rybička nursery school

This natural-science nursery school is located on the grounds of the botanical garden at Na Slupi (Benátská 4, Prague 2) and is for children from the age of 2.5 to 6 (7) years. The capacity is 24 children divided into two classes. The nursery school admits, in the first place, children of CU Faculty of Science employees and students, but if there is a free capacity places can be offered also to parents from other CU faculties or departments.

Hvězdička nursery school

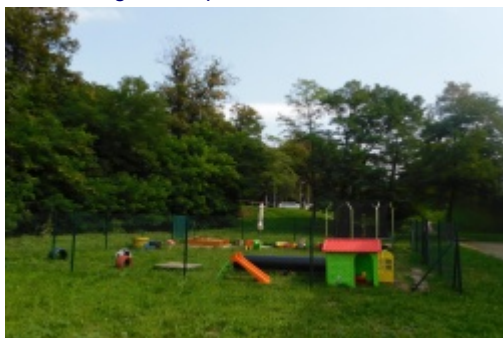

The children's' group Hvězdička is located on the premises of the Hvězda halls of residence. The nursery school facility recently underwent a complete reconstruction. The nursery school area is surrounded by greenery: Ladronka, the Hvězda preserve including a beautiful traffic playground, and also the surroundings of the Libocký pond. The aim is to create an inspiring place for child development, enhancing mutual satisfaction and trust. The programme of regular activities includes, for example, children's art, music and sport clubs.

Fafík Day Care Centre

The centre is located in the Business Centre, Hradecká 1151, 500 03 Hradec Králové. The centre has an outdoor playground. Only 12 children may be present each day, and the children are taken care of by two qualified caretakers. An interesting programme is prepared for the children – sports activities, singing, skilful hand and head activities, English instruction, and a garden. We provide meals. The centre is intended for children who are from one year old up to the time they start their mandatory school education. Only parents who need childcare assistance due to work on the labour market may place their children in the day care centre. The centre is open all year long. Great emphasis is placed on an individual approach to the children, and modern teaching techniques are used.

Children's corner at the CU Faculty of Arts

The children's corner at the CU Faculty of Arts is located in its main building (nám. Jana Palacha 2, Prague 1) and provides the necessary facilities – baby changing units, area for feeding, breast-feeding and short stays of accompanied pre-school children. The services of the children's corner include short baby-sitting provided faculty students.

Children's corner at the Faculty of Physical Education and Sport

Similar facilities as those offered by the children's corner at FA CU are also offered by the children's corner available to parents at the Faculty of Physical Education and Sport (José Martího 31, Prague 6). The corner has an area of 38 m² where young children can be nursed (changed, fed and breast-fed) and where older children up to the age of 6 can play. Besides toys, the room has a Wi-Fi connection, a kitchenette for heating food, children's furniture and sitting area. The corner is near the main entrance. Keys can be collected from the faculty concierge. Opening hours are Monday to Friday from 8 a.m. to 6 p.m. (can be individually adjusted by agreement).

Children's corner at the CU Faculty of Education

The children's corner is in the main building of the faculty at Magdalény Rettigové 4, Prague 1. Like in the above-mentioned cases there is, besides toys and other aids, a baby changing unit and kitchenette. Opening hours correspond with the operation of the reception of the building, i.e. Monday to Friday from 6:30 a.m. to 9:30 p.m.; on Saturdays according to the timetable in the SIS.

Campus Hybernská Children's Corner
