# Collection of digitized literature

---

You can find the books that we have digitised:

- via the [Daleth](#) search engine (check Carolina in the right column)
- in the [CU Central Catalogue](#) (for easier searching, we recommend checking “Digitization Centre of the Carolina Centre” in the Library column)
- in the central repository [DSpace](#)

The collection of digitised literature is not freely accessible. You must request books at the address [digitalizace@ruk.cuni.cz](mailto:digitalizace@ruk.cuni.cz).
